

Go Ape provides immersive, adventure-based team-building and leadership development

experiences designed to foster critical team dynamics in a unique, high-energy outdoor setting. Our programs utilize experiential learning to cultivate adaptability, resilience, communication, and collaboration among participants.

PAST PERFORMANCE

- Experiential portion of emerging leader program for DoD customer focusing on resilience through challenge utilizing SIT (Stress Inoculation Training) methodology, communication, and critical thinking.
- Team Building activities focusing on strengthening trust, collaboration, and adaptability of the team for a Federal Civilian Agency.

CORE COMPETENCIES

- **Team Building:** Structured exercises that strengthen team adaptability, empathy, and cohesion through challenges in both treetop and ground-based activities.
- **Leadership Development:** Programs that emphasize critical thinking, communication, and resilience to develop emerging leaders through hands-on, outdoor experiences.
- **Custom Programs:** Fully customizable options to meet specific organizational goals.

DIFFERENTIATION

- Hands-On Experiential Learning
- Customization to Mission-Critical Needs
- Certified Instructors and Safety Standards
- Scalable Program Options
- Environmentally Responsible Operations
- Unique Outdoor Learning Environment
