## Geometry and Go Ape

Thinking of incorporating our exciting zipline and treetop course into a geometry lesson? We rely on geometry for the shape of our treetop obstacles, the angle and distance of our zips and so much more! Here are some themes to get your students thinking:

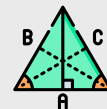

Shapes

Distance and Midpoint

Angles

Geometry of Triangles

Perimeter, Circumference and Area

Symmetry

Learn more on how you can incorporate a geometry lesson into an adventurous field trip to Go Ape!
